What is the CFOP all about? We are a dedicated group of chiropractors who believe in and promote the philosophy of Chiropractic, the vertebral subluxation complex and the specific scientific chiropractic adjustment. We fund a political action committee to monitor any bills passing through the Pennsylvania government that may threaten the practice of Chiropractic. We are all about preserving the FREEDOM TO PRACTICE CHIROPRACTIC.

What would be the value of joining this movement? The value of joining the CFOP is to allow us to fulfill our duty is protecting and preserving what we all love ... philosophical and subluxation based chiropractic. It's takes our time, talents and treasures to protect the sacred trust we've been given. By joining the CFOP your money goes to our helping us monitor legislative issues. As an organization, we also have several weekend seminars pertinent to the practice of subluxation based chiropractic care. Finally, we have our annual fellowship meeting where we can meet one another and break bread together. The CFOP invites you to become part of our proving community for the sake of Chiropractic.
