

The Chiropractic Fellowship of PA was founded in June of 1967 to help protect the rights of principled chiropractors. The fellowship has a lasting purpose attitude, embracing the idea that one should love, serve, and give from one's abundance without compromise.

We stand firm on the belief that everyone should have access to principled chiropractic care for the sole correction of the Vertebral Subluxation. We are dedicated to protecting your rights and privileges to practice chiropractic in the state of PA.
