2022 Fellowship Conference

Chiropractic Principles: Health without Fear

Red Lion Hotel Harrisburg Hershey

August 19-20, 2022

The Chiropractic Fellowship of Pennsylvania (CFoP) was established in June of 1967 to help protect the rights of principled chiropractors. The Fellowship has a lasting purpose attitude; embracing the idea that one should love, serve, and give from one's abundance without compromise.

CFoP members have numerous types of practices from cash to insurance, various office procedures, and different adjusting techniques. What unites us is not what is in our office, but what is in our hearts. We stand firm on the belief that everyone should have access to chiropractic care for the correction of vertebral subluxation. We are dedicated to protecting your rights and privileges to practice chiropractic in the state of Pennsylvania.
