2024 Fellowship Conference

Red Lion Hotel Harrisburg Hershey
August 2-3, 2024

Schedule

Friday, August 2, 2024

12:00 pm—5:00 pm

Registration

12:00 pm—6:00 pm

Exhibits Open

1:00 pm—5:00 pm

The Philosophy, Science, and Art of Perinatal Chiropractic *Presented by Dr. Ian Shtulman*

This course provides details on subluxation and correction in the prenatal, postpartum, and pediatric populations. Unique anatomical considerations, the impact of abnormal neurobiomechanics, and appropriate adjusting techniques in pregnancy, birth, and pediatric development will be reviewed. The chiropractor will have a more comprehensive understanding of the subluxation, applying chiropractic techniques to these special populations, and the communication of chiropractic to patients, providers, and the public.

6:00 pm—8:00 pm

Dinner

Saturday, August 3, 2024

7:00 am—12:00 pm

Registration

7:00 am—5:00 pm

Exhibits Open

7:00 am—8:00 am

Continental Breakfast

8:00 am—9:00 am

Longevity – Our Survival Plan - Evidence Based Outcomes

Presented by Dr. Dean Depice

Dr Depice will explore of multifaceted research on longevity and the factors that influence longevity.

9:00 am—10:00 am

Stress Signs, Symptoms & Solutions class

Presented by Dr. Dean Depice

Dr Depice will explore what we know about stress and its impact on our physical and mental health as well as share the steps we can take daily to reduce cumulative effects of stress.

10:00 am—11:00 am

ChiroVirus Unleashed: Spreading Chiropractic Principles

Presented by Dr. Jeff Ludwick

Dr Ludwick will provide Doctors of Chiropractic the necessary digital and non-digital tools to help their community have a deeper understanding of the benefits of Chiropractic care.

Saturday, August 3, 2024 (continued)

11:00 am—12:00 pm

Chiropractic Principles and Pregnancy

Presented by Dr. Breanna Smith-Powderly

Dr Powderly will educate the chiropractor on the intricacies of pregnancy and how it relates to chiropractic principles and how to communicate that to our community.

12:00 pm—1:00 pm

Lunch—No CE Credit

1:00 pm—2:00 pm

The Power of Subluxation

Presented by Dr Aaron Tressler

Dr Tressler will bring forth the power behind subluxation and place an emphasis on why this is so important in our profession. Subluxation has been scientifically proven, and is quite complex, but can be taught with simplicity while empowering the patient with hope and positive expectations.

2:00 pm—3:00 pm

Cranio-Cervical Junction Technique

Presented by Dr Kevin Jackson

This discussion will be a 60 min overview of the cranio-cervical junction and its vulnerability to sub-concussive impacts (upper cervical subluxation) from a variety of different stressors. Highlighted will be an introduction to a novel technique for assessment and management of the vertebral subluxation of the CCJ. This is a new technique done in the upright position, using an adjusting instrument

3:00 pm—3:30 pm

Networking Break with Vendors—No CE Credit

3:30 pm—4:30 pm

Documentation for Subluxation Based Chiropractors

Presented by Dr. Selina Sigafosse-Jackson

Documentation can be daunting and paralyzing. My goal is for you to learn how to document with ease. How to use software to help. How to use staff to help. How to go through the SOAP process to clearly express what you might want a third party to understand. My goal is for you walk away with confidence in the documentation process without compromising your principle

4:30 pm—5:30 pm

Improving Your Certainty in Chiropractic - How Chiropractic Improves the Human Experience

Presented by Dr. Giles LaMarche

Dr LaMarche will provide scientific evidence that supports the chiropractic paradigm of health and healing. Attendees will understand the damaging effects of forward head posture, as well as recognize the impact of increased sympathetic tone, and discover the importance parasympathetic tone.
